Important People in American History Flip Book Introduction

This Important People in American History Flip Book contains images that accompany the Important People in American History Teacher Guide. The images are in sequential order. Each image is identified by its lesson number, and the number of the image within the particular read-aloud. For example, the first image in Read-Aloud 1A is numbered 1A-1. Once you have worked your way through the book to the last page, you will flip the entire book over to view the second half of the images.

Depending on your classroom configuration, you may need to have students sit closer to the Flip Book in order to see the images clearly.
