These materials are the result of the work, advice, and encouragement of numerous individuals over many years. Some of those singled out here by name, others may be surprised to find themselves thanked publicly for help they gave quietly and generously for the sake of the enterprise alone.

We are only grateful to the teachers, students, and administrators of the following schools for their willingness to field test these materials and offer development of this program.

We would like to extend special recognition to Program Directors Matthew Davis and Susan B. Albaugh, whose work together was instrumental to the early development of this program.
