*Skills marked with an asterisk (*) in Language Standards 1–3, are particularly likely to require continued attention in higher grades as they are applied to increasingly sophisticated writing and speaking.*
Introduction to Unit 8

The content of Unit 8 focuses on Native Americans. Each chapter of the Reader, *Native American Stories*, depicts a group of Native Americans living in a particular region and time in the past. This genre of writing is called historical fiction—fictional characters are set in a real place and time. Comprehension questions will guide students to think about how people lived based on climate and their surroundings. Students will learn how to create a summary of a chapter.

During this unit’s spelling exercises, students will review words with spelling patterns of /ə/ spelled ‘a’ and ‘e’ for Lessons 1–5. For Lessons 6–10, students will review words with spelling patterns of /ə/ + /l/ spelled ‘al’, ‘le’, and ‘el’, and /sh/ + /ə/ + /n/ spelled ‘tion’. Challenge Words and Content Words will continue. Each week, students will have the option of trying to spell a content-related word on the weekly spelling assessment. In this unit, the Content Word will follow the spelling pattern for the week.

Students will also continue to practice dictionary skills. As the year progresses, students should become proficient in interpreting the different pieces of information found in a dictionary entry, such as pronunciation, part of speech, and various meanings. In this unit, students will practice determining which definition matches the usage of the word in a sentence. Students will also write sentences to match specific definitions. The dictionary worksheets have been designed to reinforce recognition of elements of a dictionary and to build proficiency of dictionary skills. If you find that there is insufficient time to complete every worksheet item, you may select fewer items for each student to complete.

In grammar, students will be introduced to plural possessive nouns not ending in ‘s’ or ‘es’ and will review singular and plural possessive nouns. Students will be introduced to possessive pronouns and will determine the difference between plural possessive nouns and plural nouns. Students will also learn the difference between *its* and *it’s*. The unit will end with a review of skills previously taught.

During the morphology portion of the lessons, students will learn the suffixes –*ish*, –*ness*, –*able*, and –*ible*. Students will continue to apply knowledge of how suffixes change root words.

### Spelling

Students will review sound-spelling patterns throughout the year. In the first week of this unit, students will review the sound of /ə/ spelled ‘a’ and ‘e’.

In the second week of this unit, students will review the sound of /ə/ + /l/ spelled ‘al’, ‘le’, and ‘el’, and /sh/ + /a/ + /n/ spelled ‘tion’.

On the weekly spelling assessment, students will be asked to write the spelling words, two Challenge Words, and two dictated sentences. You should explicitly address your expectations with regard to the use of
appropriate capitalization and punctuation when students write each dictated sentence. Students will have the option of writing the Content Word.

As in previous units, students will continue to correct their own spelling assessment. Some teachers find it helpful to have students write the spelling assessment with a pen. After the assessment, students turn the pen back in and use a pencil for corrections. In this way, teachers can more clearly see exactly what errors students are making. Correcting their own errors will heighten students’ awareness of specific spelling errors and will solidify their understanding of correct spelling. A classroom chart is provided for you at the end of each week so that you may analyze mistakes that students are making. The results of this chart, paired with other classroom observations, may help you identify students who would benefit from targeted, remedial instruction in certain letter-sound correspondences, using the Assessment and Remediation Guide.

**Grammar**

Grammar continues with a review and expansion of skills introduced in Grade 2 as well as a spiral review of skills learned in Grade 3. Students will be introduced to plural possessive nouns not ending in ‘s’ or ‘es’ and will review singular and plural possessive nouns. Students will be introduced to possessive pronouns and will determine the difference between plural possessive nouns and plural nouns. Students will also learn the difference between *its* and *it’s*. The unit will end with a review of skills previously taught.

Continuing in this unit, two large blocks of grammar instruction will be included in both weeks. In Week 1, students will have two follow-up lessons to practice and reinforce the material taught in the two 25-minute lessons on Day 2 and Day 4 of that week. In Week 2, a 15-minute review is also included.

**Morphology**

Throughout Grade 3, students have studied word parts, such as prefixes, suffixes, and root words, during the morphology portion of the lessons. In this unit, students will study the common suffixes *–ish*, *–ness*, *–able*, and *–ible*. Students will continue to practice using their knowledge of how these suffixes change the meaning and part of speech of these words. Students have done sufficient word work to be able to apply what they have learned as they encounter unfamiliar words in text and content.
Extension

During both weeks of the unit, we have included a total of three 30-minute periods for extension activities. Depending on students’ needs, please choose from the following activities:

• Extension activities provided in specific lessons
• Extension activities provided in the Pausing Point
• Unit-specific writing prompts
• Assessment and remediation activities outlined in the Assessment and Remediation Guide or remediation activities you deem appropriate
• Reader’s Chair
• Reader’s Journal

In Lessons 2 and 6, extension options have been provided for you to choose from during that time. In Lesson 7, students will compare and contrast two Native American groups they have read about in Native American Stories.

Additionally, extension activities found in the Pausing Point are highlighted in sidebars found in the lessons. These activities offer additional practice of skills taught.

Writing prompts that are content-related and make use of the unit’s academic vocabulary are found in the Teacher Resources section at the back of this Teacher Guide and at the end of the Skills Workbook. These prompts can be assigned for those students who need more challenging work.

The Assessment and Remediation Guide offers targeted, remedial instruction in certain letter-sound correspondences for students you identify as needing more support.

Reader’s Chair is a way for students to practice reading with fluency and expression (prosody). Place a copy of the sign-up sheet, found in the Teacher Resources section at the back of this Teacher Guide, in a designated location in your room. Have students volunteer to read teacher-approved texts by placing their name on the sign-up sheet. Audience guidelines should be established for all students. These are some ideas but you will want to make guidelines that work for students: Listen respectfully to your classmates; listen without talking; and have
students give classmate(s) who read(s) a round of applause and sincere compliments on their reading. Model compliments by saying, “I liked it when you...”

Reader’s Journal asks students to read silently for a designated amount of time and then respond to a writing prompt that you provide from the list found in the Teacher Resources section at the back of this Teacher Guide and at the end of the Skills Workbook. This exercise is an opportunity for independent reading time beyond the daily selection from the Reader. It is an excellent way to ensure that each student is engaged and responding to text, while allowing you to monitor students’ silent reading. Establish Reader’s Journal procedures for your class. Here are some suggested procedures you may find useful: Make sure all students have the material to be read and paper and pencil; set a timer for 10 minutes for the reading portion; when the reading is completed, read the chosen writing prompt to students; set a timer again for 12 minutes for the writing portion; and expect students to stay in their seats and work for the duration. You may wish to conference with students during this time as the rest of the class will be engaged in an independent activity. A Reader’s Journal conference sheet can be found at the end of the Skills Workbook.

**Reader: Native American Stories**

The reader for Unit 8, entitled *Native American Stories*, is a collection of stories about different groups of Native Americans. These selections are historical fiction and each is told from a child’s point of view. Students will learn about these children’s contributions to their tribes. Features of each Native American group, regions, and other historical details are included, which will enrich and extend the information from the read-alouds found in the *Tell It Again! Read-Aloud Anthology* for this unit. In addition, students will read an Iroquois tale and an Inuit myth.

In this unit, students will focus on two academic vocabulary words: point of view and occur. By academic vocabulary, we mean words that support reading comprehension and may appear across a variety of materials, in language arts and in content areas. These words can be found in textbooks, assignment directions, and assessments. Understanding academic vocabulary may contribute to improved performance on assignments and assessments, as these words often appear in directions to students. These words may appear on end-of-year assessments that third graders may take. Where applicable, we use the words throughout
the unit, not just as they might refer to reading selections but also with regard to spelling, grammar, morphology, and comprehension. They may also appear in directions, assessments, spelling lists, and discussion questions, among other places.

- **Point of view** refers to who is telling a story; the stories in the first eight chapters of the Reader for this unit will be told from a specific child’s **point of view**.

- **To occur** means to take place or to happen.

We encourage you to define these words for students and use both of these words throughout the school day so that students may experience multiple uses of them.

We recommend that teachers study the core content objectives related to Native Americans listed in the **Tell It Again! Read-Aloud Anthology** for this domain-based unit. The selections that students will read in **Native American Stories** will reinforce and solidify the overall acquisition of knowledge related to this domain. You will find that many materials introduced in Listening & Learning, such as the Image Cards and the Regions and Cultures Organizer for Lessons 3–8, will also be good resources as students read the various chapters of this reader.

**Fluency Packet**

A fluency packet consisting of poetry, folklore, and fables is provided online at http://www.coreknowledge.org/G3-FP. These additional text selections provide opportunities for students to practice reading with fluency and expression (prosody). The selections can be used in any order. At the beginning of the week, the teacher should make sufficient copies of the week’s selection for each student. The teacher should take time to read the selection aloud to all students. Then, students take the selection home to practice reading aloud throughout the week. The expectation for all students should be that they are prepared to read the selection fluently and with prosody by Friday. At the end of the week, the teacher should select a few students to individually read the selection aloud. Teachers may also wish to have a few students choral read the selection. Be sure to provide opportunities for different students to read aloud each week.
You will want to establish audience guidelines for all students. These are some ideas but you will want to make guidelines that work for your students:

- Listen respectfully to your classmates.
- Listen without talking.
- Ask students to give their classmate(s) a round of applause and sincere compliments on their reading. Model compliments by saying, “I liked it when you...”

**Vocabulary Cards**

Vocabulary Cards will be used again to reinforce the vocabulary listed in the glossary for *Native American Stories*. We highly encourage you to display either side of the Vocabulary Cards in your classroom, in addition to hanging the corresponding image from the chapter above the list of Vocabulary Cards.

**Skills Workbook**

The Skills Workbook contains worksheets that accompany the lessons from the Teacher Guide. Each worksheet is identified by its lesson number and where it is intended to be used. For example, if there are two worksheets for Lesson 8, the first will be numbered 8.1 and the second 8.2. The Skills Workbook is a student component, which means each student should have a Skills Workbook.

A copy of the glossary is included at the end of the Workbook, so students can take it home to use when reading text copies of the chapters of the Reader.

**Student Performance Task Assessments**

There are many opportunities for informal assessment throughout each Skills unit. Careful analysis of student performance on the weekly spelling assessments may provide insight into specific gaps in student code knowledge. In addition, you may choose to assign a given Workbook page for individual, independent completion to use as an assessment. It may be helpful to use the Tens Conversion Chart and the Tens Recording Chart found in the Teacher Resources section at the back of this Teacher Guide to collect and analyze all assessment data.

A unit assessment of morphology, grammar, and dictionary skills taught is included in Lesson 8, along with an assessment of silent reading.
comprehension using “Geronimo: His Own Story,” a nonfiction selection, and “Fire: A Cherokee Myth” and “The Lion and His Advisors,” two fiction selections.

You may also want to take periodic measurements of students’ fluency levels. You may use either “The Taos Pueblo,” the selection included for fluency assessment, or any of the additional chapters in the Reader for this purpose. Recording and scoring sheets for “The Taos Pueblo” have been included in the Skills Workbook. Assessing fluency requires that you listen to students read orally one-on-one and can be time consuming. You may want to focus on assessing those students whom you believe may be at highest risk.

**Note:** Students’ mastery of the domain content, Native Americans, is assessed using the Listening & Learning Domain Assessments.

**Pausing Point**

Resources are provided in the Pausing Point for additional practice on the specific grammar, morphology, and dictionary skills taught in this unit. Teachers should select exercises and worksheets based on student performance on the unit assessment.

In addition, directions are also included for introducing and discussing each of the additional chapters in the Reader.

**Teacher Resources**

At the back of this Teacher Guide, you will find a section titled, “Teacher Resources.” In this section, we have included assorted forms and charts which may be useful.

**Assessment and Remediation Guide**

A separate publication, the Assessment and Remediation Guide, provides further guidance in assessing, analyzing, and remediating specific skills. This guide can be found online at http://www.coreknowledge.org/AR-G3. Refer to this URL for additional resources, mini-lessons, and activities to assist students who experience difficulty with the skills presented in this unit.

Note to Teacher

During this week, you will review spellings of the schwa sound (/ə/) spelled ‘a’ and ‘e’. Students should be familiar with these spellings as they were introduced in Grade 2. Remind students that what makes the schwa sound (/ə/) tricky is that pronunciation of the sound differs from person to person. Schwa (/ə/) is generally pronounced either /u/ or /i/.

Here are some patterns for you to be aware of:

- The ‘a’ spelling for /ə/ is the most common and often occurs at the very beginning of a word, as in about, or at the very end, as in China.
- The ‘e’ spelling for /ə/ is usually (but not always) found in the middle of words, as in benefit and appetite.
- The schwa sound is heard mostly in the unstressed syllables of words that contain two or more syllables; however, there are a few one-syllable words that have the sound of schwa, as in the (not all the time) and was.

In this unit, students will focus on two academic vocabulary words: point of view and occur. By academic vocabulary, we mean words that support reading comprehension and may appear across a variety of materials, in language arts and in content areas. These words can be found in textbooks, assignment directions, and assessments. Understanding academic vocabulary may contribute to improved performance on
assignments and assessments, as these words often appear in directions to students. These words may appear on end-of-year assessments that third graders may take. Where applicable, we use the words throughout the unit, not just as they might refer to reading selections but also with regard to spelling, grammar, morphology, and comprehension. They may also appear in directions, assessments, spelling lists, and discussion questions, among other places.

- **Point of view** refers to who is telling a story; the stories in the first eight chapters of the Reader for this unit will be told from a specific child’s *point of view*.
- **To occur** means to take place or to happen.

We encourage you to define these words for students and use both of these words throughout the school day so that students may experience multiple uses of them.

**Reading Time**

55 minutes

**Whole Group:** “Introduction to Native American Stories”; “Etu, the Hunter”

**Introducing the Reader**

- Make sure that each student has a copy of the Reader, *Native American Stories*.
- Read the title of the Reader to students.
- Ask students to predict what this Reader might be about.
- Ask students to relate memories of their study of ancient civilizations in earlier grades.
- Have students turn to the Table of Contents.
- Either read several titles from the Table of Contents aloud to students or have students read them.
- Give students a few moments to flip through the Reader and comment on the images they see.
- Tell students that today, they will first review the “Introduction to Native American Stories.”
- Ask students to turn to the Table of Contents, locate the Introduction, and then turn to the first page of the Introduction.
Guided Reading Supports and Purpose for Reading

Pages 6 and 7

- Ask students, “What Reader have you read this year that included a pronunciation key, or a guide for how to say character names?” *Gods, Giants, and Dwarves*

- Remind students that *Gods, Giants, and Dwarves* included a pronunciation key for how to say character names because the names were very different than names students are accustomed to reading.

- Point out to students that there is a pronunciation key on pages 6 and 7. Tell students that in *Native American Stories*, they will encounter names that are very different than names they are accustomed to reading.

- Guide students through the pronunciation key and point out that they can refer to this key as they read the chapters in *Native American Stories*.

Pages 8 and 9

- Have students turn to pages 8 and 9.

- Tell students that the images in the boxes on page 8 are the characters they will read about in *Native American Stories*. These are the same characters whose names they just practiced saying using the pronunciation key on the previous pages.

- Ask students what they notice about the people in the character boxes. (Answers may vary but should eventually lead to the fact that all the characters are children.)

- Tell students that most of the chapters in *Native American Stories* are told from a child’s point of view. Note for students that this means a child is telling the story in each chapter.

- Then, tell students that the number in each character box matches a number on the map on page 9.

- Direct students’ attention to the map on page 9. Ask them to identify the continent shown on the map. (North America)

- Tell students that each number placed on the map shows where the corresponding character’s chapter takes place.

- Note for students that the chapters in *Native American Stories* describe events that would have happened a long time ago in these locations.
The following list indicates which characters correspond with which numbers:

- **Etu** (box 1, number 1 on the map)
- **Adoette** and **Awan** (box 2, number 2 on the map)
- **Akando** and **Aponi** (box 3, number 3 on the map)
- **Alemeda** (box 4, number 4 on the map)
- **Alo** (box 5, number 5 on the map)
- **Meda** and **Flo** (box 6, number 6 on the map)
- **Yutu** (box 7, number 7 on the map)
- **Salali** and **Dustu** (box 8, number 8 on the map)

Next, use the map to guide students in thinking about how they may potentially compare and contrast characters.

Direct students’ attention to the colors on the map. Ask them, “What do you notice about the areas with color?” (Answers may vary but should include that some areas include numbers and that each area with numbers includes two numbers.)

Ask students, “Which two characters are listed in the same region of the continent, in the blue part of the map in the Northwest?” (Etu and Yutu)

Ask students, “What do you know about what it is like that far north on the continent of North America?” (Answers may vary but should include that it is very, very cold.)

Ask students what they notice about how Etu and Yutu are dressed in the boxes on page 8 and on the pronunciation key on pages 6 and 7. (Both appear to be wearing clothes; Yutu has a coat with a furry hood, which indicates it is likely cold, Etu has a headband on and some sort of top that covers part of his neck.)

Next, ask students to determine what other characters are listed in the same regions on other parts of the map and what students know about these regions of North America.

Have students compare and contrast characters using the map, the character boxes, and the images on the pronunciation key. Answers should include the following:
• Adoette and Awan and Salali and Dustu are all in the Southeast region of the map, in the gray-colored section. This region is generally warmer during most of the year but it does experience all four seasons. Adoette and Awan both have short sleeves on their clothes, Salali has no sleeves on hers, and Dustu is not wearing a shirt, indicating the weather is likely warm.

• Akando and Aponi and Meda and Flo are all in the Northeast region of the map, in the light green-colored section. This area experiences all four seasons as well but is not quite as warm as the Southeast for most of the year. Akando is not wearing a shirt, like Dustu, and Aponi also has short sleeves, like Adoette, Awan, and Salali. Meda and Flo have long sleeves but it does not look like they have on a thick coat like Yutu. There is snow melting on the ground in the image for Meda and Flo in the pronunciation key. These differences indicate the seasons in this region.

• Alemeda and Alo are both in the Southwest, in the peach-colored section. This area experiences hot summers and cold winters. It is very dry there as well. Alemeda has long sleeves on but no coat, indicating it is warm but not hot. Alo has no shirt on, like Akando and Dustu, indicating it is very warm.

• Then, have students brainstorm ideas about the following topics and begin to make predictions about what they will read in *Native American Stories*:
  • What kind of clothing do students wear? How is students’ clothing the same as or different from the clothing that the characters are wearing?
  • What clothing do you need living very far north compared to living in the south?
  • Where on the map do students live? How does this compare to where the characters’ locations are?
  • What is the climate like where students live? How is the climate the same as or different from what the climate might be where the characters are?
  • What games do students play? How might these games be the same as or different from what these characters might play?
  • How do students get food? How might this be the same as or different from how the characters might get food?
Note to Teacher

Depending on students’ needs, you may want to pause and have students take a short break before continuing on with Chapter 1 in Native American Stories.

Introducing the Chapter

- Tell students that Chapter 1, “Etu, the Hunter,” is a work of historical fiction, like most of the chapters in this Reader. Historical fiction has two important features: the stories and characters are made up but the times and places were real. The real place in this chapter is the region of North America called the Northwest. The real time is the Ice Age.
- Ask students to turn to the map that they discussed on page 9.
- Point out to students where Etu’s home is located on the map. (See box 1 in “Introduction to Native American Stories.” The Northwest includes number 1 on the map in “Introduction to Native American Stories.”)
- Ask students to turn to the Table of Contents, locate the chapter, and then turn to the first page of the chapter.
- Have students take a few minutes to talk about the images in the chapter and then ask them to predict why this chapter might be titled, “Etu, the Hunter.”

Previewing the Vocabulary

- As in previous units, we recommend the use of the provided Vocabulary Cards. Preview specific Vocabulary Cards immediately before students are asked to read the page(s) on which they appear. The page number where the word first appears in “Etu, the Hunter” is listed in bold print after the definition. A word in parentheses after the definition is another form of the vocabulary word that appears in the chapter. An asterisk after a word indicates the word is also taught in Listening & Learning.
• If needed, assist students in decoding these words using the established procedures described in detail in the earlier Grade 3 units.

**Vocabulary for “Etu, the Hunter”**

1. **glistening**—sparkling (10)
2. **tracker**—a person who follows animal tracks (10)
3. **wobble**—to move from side to side in an unsteady way (10)
4. **flint**—a type of hard rock (12)
5. **slingshot**—a Y-shaped stick with elastic bands attached that is used to shoot small stones (slingshots) (12)
6. **woolly**—covered with soft, thick, curly hair (12)
7. **mammoth**—an ancient elephant that was covered with woolly fur and had long tusks that curved upward (12)
8. **tusk**—one of two long, curved teeth that stick out of an animal’s mouth, such as an elephant or walrus (tusks) (12)
9. **stampede**—to suddenly run away in fear as a large group (12)
10. **haze**—smoke or mist that fills the air and makes it hard to see (14)
11. **terrain**—the shape of land (14)
12. **shelter**—a structure that covers people (14)
13. **flesh**—the meat of an animal (14)
14. **crouch**—to stoop or squat (crouched) (16)

**Guided Reading Supports and Purpose for Reading**

• Brainstorm with students the meaning of the word *needs* and what some of their needs are. (Answers may vary but could include food, water, shelter, and clothing.)

• Now, ask students how they have their needs met, for example, how do they end up with food on their tables at mealtimes? (Answers may vary but could include families use money to buy food at a grocery store, they store food in the refrigerator and cabinets, and cook food at home.)

• Tell students that Etu’s people obtain food in a very different way than we know. Ask students if any of them have ever gone hunting.
Pages 10 to 13
- Follow your established procedures to display the image for this chapter and preview the Vocabulary Cards for *glistening*, *tracker*, *wobble*, *flint*, *slingshot*, *woolly*, *mammoth*, *tusk*, and *stampede*. Point out that the words *slingshots*, *mammoths*, and *tusks* are used in this chapter.
- Direct students’ attention to the image on page 11 and call on one student to read the caption.
- Tell students to read pages 10 to 13 to themselves to find the answer to the question: “Who is telling the story?”
- When students have finished reading, restate the question and ask students to answer. (Etu is telling the story.) Help students understand that Etu is telling the story by pointing out that his name is in the caption as the one stepping into his brother’s footprints and the pronoun *I* is used in the text to describe what is happening.
- Ask, “What is Etu doing in the first part of this chapter?” (He is hunting mammoths with the men in his family.)
- Direct students’ attention to the image on page 13 and have one student read the caption aloud.

Pages 14 to 17
- Follow established procedures to preview the Vocabulary Cards for *haze*, *terrain*, *shelter*, *flesh*, and *crouch*. Note for students that *crouched* is used in this chapter.
- Direct students’ attention to the image on page 15 and read the caption aloud as a class.
- Ask students to read pages 14 to 17 to themselves to learn why the mammoth was important to Etu’s family.
- When students have finished reading, restate the question and ask students to answer. (Their shelters were built from mammoth skin and bones, among others things, the flesh fed many people for quite some time, and the skin and fur was made into warm clothing.)
- Ask, “Why did the hunting group suddenly stop and crouch down?” (Etu’s brother signaled to the group that they could catch a mammoth and then they went about doing so.)
- Direct students’ attention to the image on page 17 and call on one student to read the caption aloud.
Wrap-Up

- Remind students that they have practiced determining the main idea of a selection or chapter in past units.
- Also, remind students that the main idea is what the selection or chapter is mostly about; it is the big idea of what the author wants readers to learn.
- Discuss with students what the main idea of this chapter is. Write their ideas on the board or chart paper. Students may not exactly state the main idea like this but it should resemble the following: Etu’s people must carefully hunt for mammoths. Mammoth flesh provides food and the skin and bones are used to make clothing and shelter.
- Have students complete Worksheet 1.1 independently.

Spelling

Introduce Spelling Words

- Tell students that this week, they will review the words with the sound of /ə/ spelled ‘a’ and ‘e’.
- As you introduce each of the spelling words, write it on the board, pronouncing each word as you write it.

1. dozen
2. again
3. enemy
4. Shaman
5. deposit
6. ability
7. problem
8. distance
9. about
10. elegant
11. debate
12. sentence
13. area
14. secure
15. taken
16. probably
17. bulletin
18. company

Challenge Word: American
Challenge Word: independent
Content Word: glistening
• Go back through the list of words, having students read the words and tell you what letters to circle for /a/.

• Point to the Challenge Words on the board. Explain to students that the Challenge Words, American and independent, are also part of the spelling list and are words used very often. Both Challenge Words follow the spelling pattern for this week as both ‘a’s in American are pronounced /a/ and the first and last ‘e’s in independent are pronounced /a/. Use the Challenge Words in sentences as examples for students: “I am proud to be an American.” “The class can do independent work without the help of our teacher.”

• Remind students that this week, they once again have a Content Word. Review with them that the Content Word is a little harder than the other words. (If students try to spell the Content Word on the assessment and do not get it right, they will not be penalized. Simply correct it as you do the other words and applaud their effort. There should not be a penalty for not trying or misspelling the Content Word. The important thing is they tried something that was a stretch for them academically.)

• Tell students that the Content Word, glistening, does follow the spelling patterns for this week as the ‘e’ is pronounced /a/. Glistening is a content-related word because it is an adjective that describes the snow in “Etu, the Hunter” in Native American Stories.
• Now, draw the following table on the board:

<table>

• Ask students to refer to the spellings for /ә/ on the Individual Code Chart page 3. Point out that there are two spellings for /ә/.
• Ask students which spelling is most frequently used. (‘a’ > /ә/)
• Ask students to tell you which words to list under the ‘a’ > /ә/ heading. Briefly explain the meaning of each word.
• Ask students to tell you which words to list under the ‘e’ > /ә/ heading. Briefly explain the meaning of each word.

• Practice the words as follows during the remaining time. Call on a student to read any word on the table. Then, have the student use the word in a meaningful sentence. After the student says the sentence, have him/her ask the class, “Does the sentence make sense?” If the class says, “Yes,” then the student puts a check mark in front of
the word and calls on another student to come to the front and take a turn. If the class says, “No,” have the student try again or call on another student to come to the front and use the word in a meaningful sentence. This continues until all of the words are used or time has run out.

- Tell students this table will remain on display until the assessment so that students may refer to it during the week.
- Tell students they will take home Worksheet 1.2 with this week’s spelling words to share with a family member.

**Take-Home Material**

**Family Letter; “Etu, the Hunter”; Native American Stories Glossary**

- Have students take home Worksheet 1.2 to share with a family member, Worksheet 1.3 to read to a family member, and Worksheet PP12 to use as a reference during this unit.

Display the possessive nouns poster you created for a previous lesson:

Possessive Nouns

- A **singular possessive noun** shows that one person, place, or thing has or owns something. Form a **singular possessive noun** by adding an apostrophe and ‘s’ to a singular noun. (–’s)

- A **plural possessive noun** shows that more than one person, place, or thing has or owns something. To form a **plural possessive noun** from a plural noun that ends with ‘s’ or ‘es’, add only an apostrophe to the plural noun. (–s’)

Add the following to it:

- If a plural noun does not end with ‘s’, add –’s to form a **plural possessive noun**.

Write the following sentences on the board or chart paper and cover them for use during the Grammar lesson:

1. The children’s friends came over to play.
2. The men’s room is to the left of the women’s room.
3. The mice’s homes were toasty and warm.
4. The people’s ideas were all written down.
Whole Group: “Adoette and Awan, the Bird Chasers”

Introducing the Chapter

• Tell students that the title of today’s chapter is “Adoette and Awan, the Bird Chasers.”

• Ask students if they recall what historical fiction means. (The story and characters are made up, but the times and places were real.)

• Have students turn to the map in the front of Native American Stories and locate the character picture of Adoette and Awan. (the Southeast, number 2 on the map in “Introduction to Native American Stories”)

• Ask students to turn to the Table of Contents, locate the chapter, and then turn to the first page of the chapter.

Guided Reading Supports and Purpose for Reading

Pages 18 to 21
- Read the title of the chapter together as a class, “Adoette and Awan, the Bird Chasers.”
- Follow established procedures to display the image for this chapter and preview the Vocabulary Cards for *chat*, *caw*, *horizon*, *hoe*, *channel*, *store*, *husk*, and *critter*. Point out that *chatted*, *cawing*, *channels*, *stored*, *husks*, and *critters* appear in this chapter.
- Point students’ attention to the image on page 19 and read the caption aloud as a class.
- Ask students what differences they notice in the image on page 19 compared to the images in Chapter 1. (Answers may vary but should include that Adoette and Awan are barefoot and wearing clothing typical for warmer weather. There is grass on the ground and they are walking near homes. Etu was wearing warm clothes, walking in the snow, and away from his home for a time.)
- Tell students to read pages 18 to 21 to themselves to find the answer to the question: “How did Adoette and Awan’s people get their food?”
- When students have finished reading, restate the question and ask students to answer. (They planted corn in fields and tended to the fields as it grew.)
- Then, ask students, “How is this different from the way Etu’s people got food?” (Etu’s people hunted for food; Adoette and Awan’s people planted seeds and grew food.)
- Direct students’ attention to the image and caption on page 21.

Pages 22 to 27
- Follow established procedures to preview the Vocabulary Cards for *talon*, *germinate*, and *scuttle*. Point out that the word *talons* appears in this chapter.
- Direct students’ attention to the images on pages 23, 25, and 27 and call on several students to read the captions aloud.
- Tell students to read pages 22 to 27 to themselves to find the answer to the question: “What happened when Adoette and Awan went to the family cornfield to guard the crop?”
• When students have finished reading, restate the question and ask students to answer. (Adoette found an injured crow and wanted to help it. Awan told her she was crazy because they were supposed to scare crows away. Adoette wanted to help the crow and carried it home at the end of the day.)

• Ask, “Why did Adoette and Awan need to scare the crows away?” (so they wouldn’t eat the corn growing in the field)

**Wrap-Up**

• Remind students that they discussed the main idea for Chapter 1 about Etu.

• Tell students that today, they will write a summary of Chapter 2, which is similar to determining the main idea.

• Direct students’ attention to the chart you prepared in advance.

• Display the “W” poster found at the end of this lesson. Remind students that they have worked with this poster in earlier grades. Point out the features of the poster. (the questions *Who?, What?, When?, Where?, and Why*? and accompanying images)

• Tell students you will work together to answer the questions on the poster related to the chapter they just read. They will use the answers to write a summary of the chapter.

• Ask students the questions in the chart and fill it in as they answer. (You may wish to use the following completed chart as a guide.)

• Once the questions have been answered, tell students you will now use the answers to write a short summary of the chapter. (Again, you may wish to use the following completed chart as a guide.)

• Point out that a summary may include a little bit more information than a main idea but it still only provides an overview of what the chapter is about.

**Grammar**

**Introduce Plural Possessive Nouns Not Ending in ‘s’ or ‘es’**

- Ask, “What are plural possessive nouns?” (nouns that show ownership)
- Remind students that plural possessive nouns are formed by adding an apostrophe to a plural noun that ends with ‘s’ or ‘es’.
- Ask, “Do all plural nouns end with ‘s’ or ‘es’?” (No, some nouns, when made plural, are different words from their singular counterparts and are called irregular plurals. Examples are: man and men, woman and women, mouse and mice, person and people, and child and children.)
- Tell students that when a plural noun does not end with ‘s’ or ‘es’, you add an apostrophe and ‘s’ (–’s) to make it a possessive noun.
- Read the first sentence aloud that you placed on the board in advance without uncovering it.
  1. The children’s friends came over to play.
- Ask, “Do you hear a possessive noun in this sentence?” (yes, children’s)
- Ask, “Is it a singular or a plural possessive noun?” (plural, children means more than one child)
• Uncover the sentence and ask, “Is there an apostrophe missing in the sentence?” (yes)

• Have students look carefully and brainstorm where the apostrophe should go. Direct students to look at the possessive nouns poster you placed on the board in advance and read the additional statement that was added.

  If a plural noun does not end with ‘s’, add –’s to form a plural possessive noun.

• Say, “Thinking carefully about the word children, does the word end with ‘s’?” (no)

• Write the apostrophe after children and before the ‘s’. (children’s)

• Ask students to justify why children’s is correct. (Children’s is the plural possessive of children, which is a plural noun.)

• Show students that when you cover the apostrophe, the word to the left of the apostrophe is the plural form of child. (children)

• Write childrens’ on the board and ask students to justify why this is incorrect. (The word childrens is not the plural of child. The ‘s’ is not needed to form the plural.)

• Next, read the second sentence you placed on the board without uncovering it.

  2. The mens room is to the left of the womens room.

• Ask, “Do you hear possessive nouns in this sentence?” (yes, mens and womens)

• Ask, “Are the nouns singular or plural?” (plural; men means more than one man and women means more than one woman)

• Ask, “What are the singular forms of the nouns?” (man and woman)

• Uncover the sentence and ask, “Are there apostrophes missing?” (yes)

• Have students decide where the apostrophes would go. (before the ‘s’ in each word)

• Write the apostrophes before the ‘s’ in mens and womens to make them plural possessive. (men’s and women’s)

• Ask students to justify why the apostrophe is placed before the ‘s’. (The words men and women are the plural forms of man and woman.)
• Cover the apostrophe and ‘s’ (–’s) and ask students to tell whether the word to the left of the apostrophe is singular or plural. (plural, men is the plural of man and women is the plural of women)

• Write mens’ and womens’ on the board and ask students to justify why they are incorrect. (The words mens and womens are not the plural forms of man and woman. The ‘s’ is not needed to form the plural.)

• Follow the same procedure for the remaining two sentences.

  3. The mices homes were toasty and warm. (mice’s)

  4. The peoples ideas were all written down. (people’s)

• When ready, have students turn to Worksheet 2.2 and complete it as a teacher-guided activity.

**Small Group 2**: Ask these students to read the chapter independently and complete Worksheet 3.1 as they read. Tell students to be prepared to discuss the chapter to create a summary after reading.
Guided Reading Supports

Pages 28–33

• Read the title of the chapter together as a group, “Akando and Aponi, the Gatherers.”

• Follow established procedures to display the image for this chapter and preview the Vocabulary Cards for *squint*, *linger*, *hearth*, *ceremonial*, *construct*, *preserve*, *milkweed*, *tobacco*, *Shaman*, and *birch*. Point out that the words *squinted*, *lingered*, *constructed*, *preserved*, and *Shamans* are also used in this chapter.

• Tell students to read pages 28–33 to themselves to answer the question: “What did Akando, Aponi, and the other children in their village do at this time of year?”

• When students have finished reading, restate the question and ask students to answer. (At this time of year, the children gathered nuts, fruits, berries, onions, and milkweed to be preserved for the winter. Other children helped in the fields harvesting sunflowers, corn, and squash.)

• Say, “Compare and contrast what Akando and Aponi’s people grow in the fields with that of Adoette and Awan.” (Akando and Aponi’s people grew corn for food and for making baskets and mats. Adoette and Awan’s people also grew corn for food but they grew other things to eat as well. They also grew tobacco to be used for medicine.)

• Direct students’ attention to the images on pages 29, 31, and 33 and call on students to read the captions aloud.

Pages 34–37

• Follow established procedures to preview the Vocabulary Cards for *autumnal* and *copper*.

• Direct students’ attention to the image on page 35 and read the caption aloud as a group.

• Tell students to read pages 34–37 to themselves to find out what Akando and Aponi did to take a break from gathering items for their baskets.

• When students have finished reading, restate the question and ask students to answer. (They played a guessing game led by Akando. He promised to show Aponi how to beat him if she filled her basket.)

• Have students look at the image and read the caption on page 37.
Wrap-Up

- Call students from both groups back together as a whole group.
- Ask students to describe the steps they went through to create a summary of Chapter 2 about Adoette and Awan. (Answers may vary but could include that they recalled writing a main idea for Chapter 1, filled in a chart together to answer the “W” questions, and then created a summary using the answers.)
- Ask students to help you fill in the chart and then create a summary using the answers. (You may wish to use the following completed chart as a guide.)

Morphology

Introduce Suffixes –ish and –ness

- Remind students that suffixes are added to the end of a root word.
- Tell students that the two suffixes they will study this week are –ish and –ness.
- Write the suffixes on the board and point out that the suffix –ish is pronounced /ish/ and the suffix –ness is pronounced /nes/.

Adding Suffix –ish

- Explain to students that –ish means “having the characteristics of” or “like.”
• Tell students that they will add the suffix –ish to root words that are nouns. The new words created are adjectives.

• Write fool on the board. Briefly discuss the meaning of the word and then use it in a sentence. (someone who is ridiculous and acts without good sense or judgment; He acted like a fool to try and impress a girl he liked.)

• Add the suffix –ish to fool and have students read the suffix, read the new word, and then discuss the meaning of the new word. (having the characteristics or like someone who is ridiculous and acts without good sense or judgment)

• Share the following example of the use of foolish in a sentence:
  • He made a foolish choice when he bought that expensive car without having a job.

• Ask students to provide sentences using the word foolish. (Answers may vary.)

• Ask students for synonyms of foolish. (silly, ridiculous)

• Continue in this manner for the remaining –ish words, using the following chart as a guide.

  **Note:** You will not write the information in the shaded columns on the board as that information is intended for use during oral instruction.

• Note for students that the ‘e’ in style must be dropped before adding –ish. Also, remind students that the ‘b’ in snob must be doubled before adding –ish.

**Adding Suffix –ness**

- Explain to students that –ness means “in the state or condition of being.”
- Tell students that they will add the suffix –ness to root words that are adjectives. The new words created are nouns.
- Write *lonely* on the board. Briefly discuss the meaning of the word and then use it in a sentence. (without others; She felt *lonely* standing on the edge of the playground watching the other kids play together.)
• Add the suffix –ness to lonely, pointing out that ‘y’ must first be changed to ‘i’, and have students read the suffix, read the new word, and then discuss the meaning of the new word. (in the state or condition of being without others)

• Share the following example of the use of loneliness in a sentence:
  • Loneliness set in after all of her friends left and she was in the house by herself.

• Ask students to provide sentences using the word loneliness. (Answers may vary.)

• Ask students for synonyms of loneliness. (solitude, isolation)

• Continue in this manner for the remaining –ness words, using the following chart as a guide.

  Note: You will not write the information in the shaded columns on the board as that information is intended for use during oral instruction.

• Note for students that the ‘y’ in happy must be changed to ‘i’ before adding –ness.

- Have students complete Worksheets 3.2–3.5 with a partner.
Practice Singular Possessive Nouns

• Direct students’ attention to the possessive nouns poster you created and displayed earlier and read it with them.

**Possessive Nouns**

• A **singular possessive noun** shows that one person, place, or thing has or owns something. Form a **singular possessive noun** by adding an apostrophe and ‘s’ to a singular noun. (–’s)

• A **plural possessive noun** shows that more than one person, place, or thing has or owns something. To form a **plural possessive noun** from a plural noun that ends with ‘s’ or ‘es’, add only an apostrophe to the plural noun. (–s’)

• If a plural noun does not end with ‘s’, add –’s to form a **plural possessive noun**.

• Read the following phrases to students and have them change the noun that shows ownership to a singular possessive noun. An example would be: *The green lunchbox that belongs to Ron becomes Ron’s green lunchbox.* Note for students that the adjective green describes the lunchbox and remains in its place before the noun it describes when the phrase is made to show possession.

  The blue book that belongs to my mother (my mother’s blue book)
  The shiny sports car of my Uncle Sam (Uncle Sam’s shiny sports car)
  The pink and blue polka-dotted dress of Pam (Pam’s pink and blue polka-dotted dress)

• Have students justify their answers by restating how singular possessive nouns are formed. (Singular possessive nouns are formed by adding an apostrophe and ‘s’ to a singular noun.)

• Divide students into 10 teams and give each team one of the phrase strips you photocopied and cut apart in advance. Students will receive either a strip of a noun phrase that shows ownership or a strip of a phrase that shows the noun having been changed to a singular possessive noun.

• Tell students that they need to match their strip with its partner. Give students time to find their match.
• After all teams have found their partners, have each team read the two strips aloud.

• Ask, “Where does the apostrophe go in a singular possessive noun?” (before the ‘s’)

**Spelling**  
**Blank Busters**  
15 minutes

• Tell students that they will practice writing their spelling words for the week.

• Tell students to turn to Worksheet 3.6. Note for students that some sentences have two blanks.

• Point out to students that the spelling words are listed in the box on the worksheet and on the board. Students may also have to add an appropriate suffix to have the sentence make sense: –s, –ed, –ly, or –ing.

• Ask students to read the statement in number 1 silently and fill in the blank. When students have completed number 1, call on one student to read number 1 aloud with the spelling word in the blank.

• Ask students if anyone had a different answer. Discuss the correct answer to be sure students understand why it is correct.

• Discuss the proper spelling of the word in the blank, referencing the table of this week’s spelling words. Have students compare their spelling with the spelling in the table.

• Have students move to number 2 and fill in the blanks on their own.

• Follow the previous steps to discuss the correct answers for the remaining items on the worksheet.

• Remind students that on the spelling assessment, they will have to write the spelling words and the Challenge Words. Students are encouraged to try spelling the Content Word but if they try and don’t get it right, they will not be penalized.

**Take-Home Material**

“Akando and Aponi, the Gatherers”

• Have students take home Worksheet 3.7 to read to a family member.

Reading Time

25 minutes

Whole Group Silent: “Alemeda, the Basket Weaver”

Introducing the Chapter

• Tell students that the title of today’s chapter is “Alemeda, the Basket Weaver.”

• Have students turn to the map in the front of Native American Stories and locate the character picture of Alemeda. (See box 4 in “Introduction to Native American Stories.”) Also, point out where Alemeda lived on the map of North America. (the Southwest, number 4 on the map in “Introduction to Native American Stories”)

• Ask students to turn to the Table of Contents, locate the chapter, and then turn to the first page of the chapter
Previewing the Vocabulary

- Following your established procedures, preview the vocabulary as well as assist students who need help with decoding. Since students will be reading silently, make sure to display the image for the chapter and preview both the vocabulary words and the alternate forms of the vocabulary words used in the chapter before they begin reading.

Guided Reading Supports and Purpose for Reading

Pages 38–45

- After previewing the Vocabulary Cards, remind students that as they are reading, if they do not recall the meaning of a word, they can always look it up in the glossary.
- Tell students that today, they will read the chapter silently to themselves. After reading, they will discuss the chapter as a class.
- Have students read pages 38–45 and think about what Alemeda wants compared to what her grandmother says she needs to do.
- Give students time to read the chapter. You may want to circulate throughout the room, lending assistance as needed.

Wrap-Up

- Use the following questions to promote a discussion:

**Discussion Questions on “Alemeda, the Basket Weaver”**

1. **Literal** What does Alemeda want to do? (She wants to play.)
2. **Literal** What does her grandmother want her to do instead? Why? (Her grandmother said she needs to keep making baskets because it is important that she learn this skill. The baskets are needed to store food. Plus, women who can weave baskets get noticed by boys.)
• Have students complete Worksheet 4.1 as a teacher-guided activity. Use the following summary chart as needed to help students answer the last question on the worksheet.

Morphology

Practice Suffixes –ish and –ness

- Remind students that in the previous lesson, they learned about the suffixes –ish and –ness.
- Remind students that –ish means “having the characteristics of or like” and –ness means “in the state or condition of being.”
- Divide students into pairs. Pass out paper and markers to each pair.
- Tell students they will work with their partner to determine the correct word for each sentence you read aloud.
- Tell students that you will read a sentence aloud. The sentence includes a definition of a word from the previous lesson that either has the suffix –ish or –ness. Students must work with their partner to write down the word that matches the meaning given in the sentence in large letters on paper. Then, you will ask students to hold up the word they wrote down when you say the word “Display.”
- Use the following steps to complete this activity, reading sentences from the following chart.

Note: The chart is shaded in gray to indicate you do not need to write the information on the board or chart paper but rather it is intended for use during oral instruction.

- Read a sentence aloud.
- Give student pairs a moment to write their answer down.
- Say, “Display” and check students’ responses.
- Say the correct answer to be sure students know the correct answer.
- Ask students for the part of speech of the word and the prefix.

- Tell students they will sort words with the sound /ə/ spelled ‘a’ or ‘e’.
- Have students turn to Worksheet 4.4.
- Ask students to identify the vowel patterns. (‘a’ > /ə/, ‘e’ > /ə/)
- Have students independently read the words in the box below the headers and circle the vowels that have the /ə/ sound.
- Then, have students independently write the words that match the various spellings below the appropriate headers.

**Note:** You may wish to circulate around the room offering assistance where needed.

**Take-Home Material**

Advance Preparation

Make sure to erase the spelling table from the board and/or turn the table over so that students cannot refer to it during the assessment.

Have the possessive nouns poster on display for the Grammar lesson:

Possessive Nouns

* A singular possessive noun shows that one person, place, or thing has or owns something. Form a singular possessive noun by adding an apostrophe and ‘s’ to a singular noun. (–’s)

* A plural possessive noun shows that more than one person, place, or thing has or owns something. To form a plural possessive noun from a plural noun that ends with ‘s’ or ‘es’, add only an apostrophe to the plural noun. (–s’)

* If a plural noun does not end with ‘s’, add –’s to form a plural possessive noun.

Photocopy the following page for using during the Spelling lesson on dictionary skills.

10 Spelling Assessment

- Have students turn to Worksheet 5.1 for the spelling assessment.
- If you would like for students to have pens, this is the time to pass them out.
- Tell students that for this assessment, they will write the words under the header to which they belong. For example, if you call out the word *around*, they would write that word under the header ‘a’ > /ə/.
- Tell students that should a spelling word fit under more than one header, they should only write the word under one.
- Tell students that they may not have to use all the lines under each header.
- Using the chart below, call out the words using the following format: say the word, use it in a sentence, and say the word once more.

| 1. probably | 12. again |
| 2. dozen | 13. company |
| 3. enemy | 14. sentence |
| 4. deposit | 15. problem |
| 5. ability | 16. area |
| 6. Shaman | 17. secure |
| 7. distance | 18. bulletin |
| 8. about | 19. **Challenge Word**: American |
| 9. taken | 20. **Challenge Word**: independent |
| 10. elegant | **Content Word**: glistening |
| 11. debate |

- After you have called out all of the words including the Challenge Words and the Content Word, go back through the list slowly, reading each word just once more.
Ask students to write the following sentences as you dictate them:

1. We adopted a parakeet and gave it to our sister for her birthday.
2. Let’s celebrate her birthday with a pleasant party.

After students have finished, collect pens, if used.

Follow your established procedures to correct the spelling words and the dictated sentences.

Note to Teacher
At a later time today, you may find it helpful to use the template provided at the end of this lesson to analyze students’ mistakes. This will help you understand any patterns that are beginning to develop, or that are persistent among individual students.

Pages 46–49

- Read the title of the chapter together as a class, “Alo, the Spirit Giver.”

- Follow established procedures to display the image for this chapter and preview the Vocabulary Cards for spirit, kachina, arid, forefather, and ancestor. Point out that the words spirits, kachinas, forefathers, and ancestors appear in this chapter.

- Direct students’ attention to the image on page 47 and call on one student to read the caption aloud.

- Tell students to read pages 46–49 to themselves to find out who the kachinas are and why this day is important for Alo.

- When students have finished reading, restate the questions and ask students to answer. (The kachinas are the spirits of people who lived on Earth long ago. They have returned to help with every living thing on Earth. Today is a day when the kachinas take the people on a journey into the spirit world through the Bean Dance Ceremony.)

- Direct students’ attention to the image on page 49 and read the caption aloud to them.
Pages 50–53
- Preview the Vocabulary Cards for *elder, cloak, headdress,* and *gourd.* Point out that the words *elders, cloaks, headdresses,* and *gourds* appear in this chapter.
- Have students look at the images and read the captions on pages 51 and 53.
- Tell students to read pages 50–53 to themselves to find the answer to the question: “What happens during the ceremony?”
- When students have finished reading, restate the question and ask students to answer. (Boys and men wear special kachina clothing and face masks. They shake rattles and the sound created is like that of rain falling. Often within hours, rain falls.)
- Ask, “What will Alo do during the ceremony?” (Alo will be dressed as the Bear Kachina to make his sick father well again.)

Wrap-Up
- Remind students of the summaries they created for previous chapters.
- Ask students to give you a summary of this chapter. (You may wish to use the following completed chart as a guide.)

- Have students complete Worksheet 5.2 independently.
Practice Singular and Plural Possessive Nouns

- Ask students to orally compare and contrast singular possessive nouns and plural possessive nouns. (Both are possessive nouns, show ownership, and are made with the placement of an apostrophe. Singular possessive nouns show that one person, place, or thing has or owns something and are formed by adding –’s to singular nouns. Plural possessive nouns show that more than one person, place, or thing has or owns something and are formed by adding –s’ to singular nouns.)

- Direct students’ attention to the possessive nouns poster you displayed in advance.

  **Possessive Nouns**

  - A **singular possessive noun** shows that one person, place, or thing has or owns something. Form a **singular possessive noun** by adding an apostrophe and ‘s’ to a singular noun. (–’s)

  - A **plural possessive noun** shows that more than one person, place, or thing has or owns something. To form a **plural possessive noun** from a plural noun that ends with ‘s’ or ‘es’, add only an apostrophe to the plural noun. (–s’)

  - If a plural noun does not end with ‘s’, add –’s to form a **plural possessive noun**.

  - Remind students that –’s signals a singular possessive noun and –s’ signals a plural possessive noun.

  - Have students tear Worksheet 5.3 out and fold it in half horizontally so that when held up, only either –’s or –s’ shows.

  - Tell students you will read sentences containing singular or plural possessive nouns. Students will display the correct suffix to match the sentences.

  - Read the first sentence:

    The kite’s tail is much too long.

  - Ask, “Is there a possessive noun in the sentence and if so, what is it?” (yes, kite’s)

  - Have students brainstorm to decide whether kite’s refers to one or more than one kite.
• Direct students’ attention to the rest of the words in the sentence (context clues).

• Guide students to realize that one kite would have one tail and that many kites wouldn’t share one tail, so this sentence is singular possessive. (one tail belongs to one kite)

• Ask students to display the side of their folded worksheet that shows –’s.

• Ask students to justify why they should show the –’s side of the worksheet. (A singular possessive noun shows that one person, place, or thing has or owns something. A singular possessive noun is formed by adding –’s.)

• Read the next sentence:
  He found the twin brothers’ lunchboxes on the playground.

• Ask, “Is there a possessive noun and if so, what is it?” (yes, brothers’)

• Have students brainstorm to decide whether brothers’ refers to one brother or more than one brother, again listening carefully to the rest of the words in the sentence (context clues).

• Guide students to note that the word twin means there were two brothers so the possessive noun is plural possessive (brothers’).

• Have students display the side of their worksheet that reads –’s’.

• Ask students to support why they should show the –’s’ side of the worksheet. (A plural possessive noun shows that more than one person, place, or thing has or owns something. A plural possessive noun is formed by adding an apostrophe after the ‘s’.)
• Read the remaining sentences, following the same procedure:

The children filled both of their grandparents’ pockets with love notes. (_grandparents’_, plural possessive, –s’)
The wagon’s tire was flat so we couldn’t ride in it. (_wagon’s_, singular possessive, –’s)
Tom’s collection of stamps was fascinating to look at! (_Tom’s_, singular possessive, –’s)
Our closet was full of guests’ coats when my parents invited so many people to the party. (_guests’_, plural possessive, –s’)
My beagle’s nose was soft, wet, and black. (_beagle’s_, singular possessive, –’s)
The third-grade students’ reports were all displayed on the bulletin board. (_students’_, plural possessive, –s’)

• Should there be additional time, ask volunteers to make up sentences for the class.

Spelling

Practice Dictionary Skills

• Remind students that in a previous lesson, they learned about many different parts of a dictionary.

• Tell students that an entry word often has its pronunciation listed following the word.

• Tell students that some words can be spelled the same but have different pronunciations and meanings, and that these words are called homographs.

• Distribute copies of the dictionary strip you prepared in advance and guide students through it.

• Point out the pronunciations of the word _lead_ found in the brackets following the entry word.

• Read the three definitions of the word _lead_.

Worksheet 5.4
• Give examples of sentences using the three definitions of *lead*, pointing out the parts of speech, found after the numbers. (1. *verb* The guides *lead* us through the cave. 2. *noun* Mary is in the *lead* during this race. 3. *noun* The pitcher is made of *lead* and is very heavy.)

• Ask students to complete Worksheet 5.4 as a teacher-guided activity.

Spelling Analysis Directions

Unit 8, Lesson 5

- Students are likely to make the following errors:
  - For ‘a’, students may write ‘e’, ‘i’, or ‘u’
  - For ‘e’, students may write ‘a’, ‘i’, or ‘u’
- While any of the above student-error scenarios may occur, you should still be aware that misspellings may be due to many other factors. You may find it helpful to record the actual spelling errors that the student makes in the analysis chart. For example:
  - Is the student consistently making errors on specific letters? Which ones?
  - Is the student consistently making errors at the end of the words?
  - Is the student consistently making errors on particular beginning consonants?
- Did the student write words for each feature correctly?
- Also, examine the dictated sentences for errors in capitalization and punctuation.

For additional practice, see worksheets in Section VI-B of the Assessment and Remediation Guide.

**Note to Teacher**

For Lessons 6–10, you will review the /ə/+/l/ sound spelled ‘al’, ‘le’, and ‘el’, and /sh/+/ə/+/n/ spelled ‘tion’. Students should be familiar with these spelling alternatives as they were taught in Grade 2.

The following chart is provided for your review:

**Spellings for the Sound Combination /ə/+/l/**

- (39%) Spelled ‘al’ as in animal
- (38%) Spelled ‘le’ as in apple
- (10%) Spelled ‘el’ as in travel
- (8%) Spelled ‘ul’ as in awful
- (2%) Spelled ‘il’ as in pencil
- (2%) All other spellings
- (<1%) Spelled ‘ull’ as in dull

Here are some patterns for you to be aware of:

- The ‘al’ spelling appears frequently in adjectives (*final, normal, formal*).
The ‘le’ and ‘el’ spellings are more common in nouns (apple, uncle, eagle, wrinkle, angel, chapel), though they can also be found in other parts of speech (rattle, purple, little, grovel).

Reading Time 25 minutes

Whole Group Silent: “Meda and Flo, the Forest Children”

Pages 54–61
- After previewing the Vocabulary Cards, remind students that as they are reading, if they do not recall the meaning of a word, they can always look it up in the glossary.
- Tell students that today, they will read the chapter silently to themselves. After reading, they will discuss the chapter as a class.
- Have students read pages 54–61 and think about why Meda and Flo are in the forest.
- Give students time to read the chapter. You may want to circulate throughout the room, lending assistance as needed.
Wrap-Up

• Use the following questions to promote a discussion:

**Discussion Questions on “Meda and Flo, the Forest Children”**

1. *Literal* Why are Meda and Flo in the forest? (Their families came back to this maple tree forest every spring to collect sap from the maple trees and turn it into sweet syrup.)

2. *Literal* Describe how sap was collected. (The men used axes to make small, deep cuts in the trunks of the maple trees. The sap that trickled out was funneled into birch baskets or clay pots.)

• Ask students to give you a summary of this chapter. (You may wish to use the following completed chart as a guide.)

Introduce Spelling Words

- Tell students that this week, they will review the spellings of /ə/ + /l/ and /sh/ + /ə/ + /n/.
- As you introduce each of the spelling words, write it on the board, pronouncing each word as you write it.

1. channel 12. freckle
2. scuttle 13. vowel
3. generation 14. rustle
4. autumnal 15. subtraction
5. wobble 16. travel
6. nation 17. trial
7. funnel 18. celebration
8. festival 19. **Challenge Word**: important
9. trickle 20. **Challenge Word**: children
10. hospital
11. addition

Content Word: ceremonial

- Go back through the list of words, having students read the words and tell you what letters to circle for /ə/ + /l/ and /sh/ + /ə/ + /n/.

1. channel 12. freckle
2. scuttle 13. vowel
3. generation 14. rustle
4. autumnal 15. subtraction
5. wobble 16. travel
6. nation 17. trial
7. funnel 18. celebration
8. festival 19. **Challenge Word**: important
9. trickle 20. **Challenge Word**: children
10. hospital
11. addition

Content Word: ceremonial
• Point to the Challenge Words on the board. Explain to students that the Challenge Words, *important* and *children*, are also part of the spelling list and are words used very often. Neither of the Challenge Words follows the spelling patterns for this week and needs to be memorized. Use the Challenge Words in sentences as examples for students: “It is *important* to study for your spelling assessment.” “There are 20 *children* in Mrs. Smith’s kindergarten class.”

• Remind students that this week, they again have a Content Word. Review with them that the Content Word is a little harder than the other words. (If students try to spell the Content Word on the assessment and do not get it right, they will not be penalized. Simply correct it as you do the other words and applaud their effort. There should not be a penalty for not trying or misspelling the Content Word. The important thing is they tried something that was a stretch for them academically.)

• Tell students that the Content Word, *ceremonial*, does follow the spelling patterns for this week as the ‘al’ is pronounced /ə/ + /l/. *Ceremonial* is a content-related word because it is an adjective that describes the buildings in “Akando and Aponi, the Gatherers” in *Native American Stories*.

• Now, draw the following table on the board:

<table>
<thead>
<tr>
<th>‘al’ &gt; /ə/ + /l/</th>
<th>‘le’ &gt; /ə/ + /l/</th>
<th>‘el’ &gt; /ə/ + /l/</th>
<th>‘tion’ &gt; /ʃ/ + /ə/ + /n/</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

• Ask students to refer to page 3 of the *Individual Code Chart*. Point out that they will first be sorting words according to the sound spellings of /ə/ + /l/.

• Review with students the spelling that is most frequently used for the /ə/ + /l/ sound. (‘al’) Remind students to look at the power bar under the spellings and the order in which they are sequenced to determine frequency.

• Tell students that they will also review the ‘tion’ spelling for /ʃ/ + /ə/ + /n/ and remind them that ‘tion’ is not shown on the Individual Code Chart as it is three phonemes, but the ‘tion’ spelling is the most common for these sounds.
Ask students to tell you which words to list under each of the headers. Briefly explain the meaning of each word.

Practice the words as follows during the remaining time. Call on a student to read any word on the table. Then, have the student use the word in a meaningful sentence. After the student says the sentence, have him/her ask the class: “Does the sentence make sense?” If the class says, “Yes,” then the student puts a check mark in front of the word and calls on another student to come to the front and take a turn. If the class says, “No,” have the student try again or call on another student to come to the front and use the word in a meaningful sentence. This continues until all of the words are used or time has run out.

Tell students this table will remain on display until the assessment so that students may refer to it during the week.

Tell students they will take home Worksheet 6.2 with this week’s spelling words to share with a family member.

Guided Reading Supports and Purpose for Reading

Pages 62–65

- Read the title of the chapter together as a class, “Yutu, the Dog Trainer.”

- Follow established procedures to display the image for this chapter and preview the Vocabulary Cards for runt, litter, puny, scamper, wean, speedily, wits, craft, sniff, earn his keep, and command. Point out that the words scampered, weaned, crafted, and commands appear in this chapter.
• Direct students’ attention to the image on page 63 and read the caption aloud as a class.

• Tell students to read pages 62–65 to themselves to find out what Yutu’s people train dogs to do. When students have finished reading, restate the question and ask students to answer. (Dogs are trained to be sled dogs, pulling sleds that allow the Inuit to travel and hunt in a land that is frozen for a large part of the year. The dogs are trained to work as a team, pull heavy loads, travel long distances, travel across snow and ice, sniff out seal breathing holes, and stand firm against polar bears.)

• Have students look at the image on page 65 and call on one student to read the caption aloud.

Pages 66–69
• Follow established procedures to preview the Vocabulary Cards for hitch, towline, frostbite, basic, obedience, harness, arctic, and lead. Point out that the words towlines and harnessed are used in this chapter.

• Have students examine the image and read the caption on page 67.

• Tell students to read pages 66–69 to themselves to find out how dogs are better able to live in the frozen land than people.

• When students have finished reading, restate the question and ask students to answer. (They have thick, waterproof fur coats, extra furry ears, large paws with thick, furry pads, and large bushy tails that can curl around their faces at night to keep them warm.)

• Ask, “What has Yutu done for Miki and what is Miki about to do?” (Yutu worked with Miki to train him since he was small as a puppy. Yutu’s father now thinks Miki is ready to go on a hunting trip.)

• Direct students’ attention to the image and caption on page 69.

**Grammar 25 minutes**

**Practice Plural Nouns and Plural Possessive Nouns**

- Read with students the possessive nouns poster you created for a previous lesson.

  **Possessive Nouns**
  
  - A **singular possessive noun** shows that one person, place, or thing has or owns something. Form a **singular possessive noun** by adding an apostrophe and ‘s’ to a singular noun. (–‘s)
  
  - A **plural possessive noun** shows that more than one person, place, or thing has or owns something. To form a **plural possessive noun** from a plural noun that ends with ‘s’ or ‘es’, add only an apostrophe to the plural noun. (–s”)
  
  - If a plural noun does not end with ‘s’, add –‘s to form a **plural possessive noun**.
  
  - Remind students that possessive nouns show ownership.
• Read the following sentences aloud and raise your hand when you reach the word that is underlined. Students will vote for whether the word you read with your hand raised is plural (by placing their hands on top of their heads) or plural possessive (by placing their hands on their shoulders).

• The boys on the team were all in uniform. (plural, hands on tops of heads)

• The boys’ uniforms were green and white. (plural possessive, hands on shoulders)

• Pause here, if necessary, to remind students that, although the two words (boys and boys’) sound the same, only one shows ownership and is a possessive noun. (The boys own the uniforms in the second sentence.)

• Ask students to justify how to tell the difference between boys and boys’. (Boys’ is possessive and has an apostrophe. However, this can only be seen in print.)

• Read the remaining sentences and follow the procedure outlined above, pausing to correct any misunderstandings.

The stories all had bright covers that were very attractive. (plural, hands on tops of heads)

We were delighted with all the monkeys’ grins. (plural possessive, hands on shoulders)

My mouth was watering when I smelled the brownies. (plural, hands on tops of heads)

The swimmers’ strokes were smooth and effortless. (plural possessive, hands on shoulders)

The brownies’ aroma made my mouth water. (plural possessive, hands on shoulders)

We were attracted by the stories’ bright covers. (plural possessive, hands on shoulders)

The monkeys grinned from ear to ear. (plural, hands on tops of heads)

The swimmers swam smoothly and effortlessly. (plural, hands on tops of heads)
If time remains, have students make up sentences using the following words (or ones they prefer) and continue the same procedure:

- visitors and visitors’
- farmers and farmers’
- adults and adults’
- libraries and libraries’
- oceans and oceans’

**Extension**

Compare and Contrast Native American Groups

- Remind students that they have been reading chapters in *Native American Stories* told from different children’s *points of view*.
- Ask students to briefly tell you about the chapters they have read so far. Answers may vary but should include the following information:
  - Etu hunted mammoths for the first time with the other men in his family.
  - Adoette and Awan chased crows away from the family cornfield and Adoette found an injured crow.
  - Akando and Aponi helped gather fruits, nuts, and berries to be preserved for the winter.
  - Alemeda practiced weaving baskets with her grandmother even though she wanted to hunt instead.
  - Aponi participated in his first Bean Dance Ceremony, during which his people communicate with kachinas.
  - Meda and Flo helped collect sap from maple trees for making syrup.
  - Yutu trained Miki, the runt of the litter, to be an Inuit sled dog.
- Ask students if the Native American groups they have read about so far are all the same. (no) Ask if they have some things in common. (yes)
Tell students that in today’s lesson, they will compare and contrast two groups of Native Americans they have read about. They will examine and discuss how these groups are similar and different.

Have students turn to Worksheet 7.2. Point out that they will be comparing Etu and his way of life with that of Akando and Aponi.

Read the topic categories on Worksheet 7.2 with students and point out that as they review the chapters during this lesson, these are the topics they will want to note information about.

Ask students to turn to the Table of Contents, locate Chapter 1, “Etu, the Hunter,” and then turn to the first page of the chapter. You may choose to either read aloud the chapter to students to refresh their memory or have students choral read the chapter with you. Alternately, you may choose to have students take turns reading the chapter aloud.

Guide students through answering the questions related to Etu. You may want to refer students back to the character picture and map on pages 8–9 as needed. The following information may be helpful in supporting students as they fill in the chart:

<table>
<thead>
<tr>
<th>“Etu, the Hunter”</th>
<th>Topic</th>
</tr>

<tbody>
<tr>
<td>in the northwest part of North America; it is cold and windy, there is snow on the ground</td>
<td>Where does he / do they live, what is climate?</td>

</tr>
<tr>
<td>hunt mammoths, dry and save the mammoth meat until the next successful hunt</td>
<td>How do they get food?</td>
</tr>
<tr>
<td>have to take care when hunting in order for it to be a successful hunt</td>
<td>What else is important to the character(s)?</td>
</tr>
</tbody>
</table>

Next, ask students to turn to the Table of Contents, locate Chapter 3, “Akando and Aponi, the Gatherers,” and then turn to the first page of the chapter. You may choose to either read aloud the chapter to students to refresh their memory or have students choral read the chapter with you. Alternately, you may choose to have students take turns reading the chapter aloud.
• Now, guide students through answering the questions related to Akando and Aponi. You may want to refer students back to the character picture and map on pages 8–9 as needed. The following information may be helpful in supporting students as they fill in the chart:

<table>
<thead>
<tr>

<tr>
<td>Where does he / do they live, what is climate?</td>
<td>in central North America; they experience seasons</td>
</tr>
<tr>
<td>Clothing?</td>
<td>Aponi wearing a short-sleeved dress that does not entirely cover her legs; Akando wearing only a piece of cloth over the bottom half of his body and no shirt; barefoot</td>
</tr>
<tr>
<td>How do they get food?</td>
<td>collect wild fruits, berries, nuts, onions, milkweed to be preserved; grow crops of sunflowers, corn, squash, tobacco</td>
</tr>
<tr>
<td>What else is important to the character(s)?</td>
<td>only Shamans can collect tobacco for medicine</td>
</tr>
</tbody>
</table>

• Now, give students a few moments to examine the information they have written in the chart. Tell them to look for similarities and differences between the two groups.

• Next, engage students in a discussion of the similarities between the two groups. Have students record information on Worksheet 7.2 in the appropriate place. (Answers may vary but could include that both groups have to go get food for themselves.)

• Then, engage students in a discussion of the differences between the two groups. Have students record information on Worksheet 7.2 in the appropriate place. (Answers may vary but could include that Etu and his people hunt for food while Akando and Aponi gather food from nature and grow crops. Etu and his people wear thick clothes made from mammoth skin and fur and he wears shoes, while Akando and Aponi experience seasons and don’t need thick clothing all the time, and they are barefoot.)

• Tell students that they can think about comparing and contrasting other Native American groups in this same manner as they read.

Note to Teacher

Students will complete an assessment by reading three selections during one sitting and answering comprehension, grammar, morphology, and dictionary skills questions that follow each selection. Students will not read out of their Reader but from Worksheet 8.1, where the selections have been printed.
Student Skills Assessment

Note to Teacher

In the first story of the assessment, “Geronimo: His Own Story,” there is a reference to tobacco and smoking. You may want to discuss with students that although this is historically accurate, we know today that tobacco and smoking are not healthy.

- Have students tear out Worksheet 8.1.
- Tell students they will read three selections printed on Worksheet 8.1 and answer comprehension, morphology, grammar, and dictionary skills questions that follow each selection.
- Tell students that should they feel tired, it’s a good idea to take a short, personal break. Explain to students that they need to respect the others in the classroom and stay seated, while quietly looking up to the ceiling, stretching their shoulders, and taking a deep breath or two.
- Tell students they should go right on to the second selection once they have finished the first and right on to the third selection once they have finished the second.
- Encourage students to do their best.
- Once students finish all three selections, encourage them to review their papers, rereading and looking over their answers carefully.
- Again, explain the necessity of respecting that not all classmates will finish at the same time, and, if they finish and have checked their papers, they should remain quiet and allow others to finish.

When time permits, score these assessments using the guidelines at the end of this lesson to evaluate each student’s mastery of the skills taught in this unit.

If additional practice is needed to remediate skills students have not mastered, materials are available in the Pausing Point.
Introduce Suffixes –able and –ible

- Remind students that suffixes are added to the end of a root word.
- Tell students that the two suffixes they will study this week are –able and –ible.
- Write the suffixes on the board and point out that both suffixes are pronounced /əbəl/.
- Explain that –able and –ible have the same meaning, which is “able to be.”
- Tell students that they will add –able and –ible to root words that are verbs. The new words created are adjectives.
- Also, tell students that there is no pattern for remembering which suffix, –able or –ible, is used with which root word; students will just need to memorize this information. You may want to tell them that the suffix –able is more common so when in doubt about the spelling, students may want to start with the suffix –able.
- Write the word predict on the board. Briefly discuss the meaning of the word and then use it in a sentence. (to correctly guess the outcome in advance; Our teacher asked us to predict what would happen to the main character next and I was right.)
- Add the suffix –able to predict and have students read the suffix, read the new word, and then discuss the meaning of the new word. (able to be correctly guessed in advance)
- Share the following example of the use of predictable in a sentence:
  
  The movie we saw had a predictable ending that I figured out long before the movie ended.
- Ask students to provide sentences using the word predictable. (Answers may vary.)
- Ask students for synonyms of predictable. (expected, anticipated)
- Continue in this manner for the remaining –able and –ible words, using the following chart as a guide.

  **Note:** You will not write the information in the shaded columns on the board as that information is intended for use during oral instruction.

- Note for students that the final ‘e’ in remove, value, believe, reverse, and force must be dropped before adding –able or –ible.

Optional Assessment of Fluency

“The Taos Pueblo”

You may wish to assess students’ fluency in reading using any of the supplemental chapters that they have not yet read. Recording and Scoring Sheets have been specifically included for “The Taos Pueblo.”

Instructions for Student Fluency Assessment

- Turn to the text copy of “The Taos Pueblo” at the end of this lesson. This is the text copy students will read aloud.
- Ask the student to remove Worksheet 8.6 from his/her Workbook. You will use this worksheet to mark as a running record as you listen to the student read orally.
- Tell the student that you are going to ask him or her to read the selection aloud. Explain that you are going to keep a record of the amount of time it takes him or her to read the selection. Please also explain to the student that he/she should not rush but rather read at his/her regular pace.
- Begin timing when the student reads the first word of the selection. If you are using a watch, write the exact Start Time, in minutes and seconds, on your record page. If you are using a stopwatch, you do not need to write down the start time since the stopwatch will calculate Elapsed Time. As the student reads the selection, make a running record on the copy with the student’s name using the following guidelines:

<table>
<thead>
<tr>
<th>Type of Error</th>
<th>Mark on Copy</th>
</tr>
</thead>
<tbody>
<tr>
<td>Words read correctly</td>
<td>No mark is required.</td>
</tr>
<tr>
<td>Omissions</td>
<td>Draw a long dash above the word omitted.</td>
</tr>
<tr>
<td>Insertions</td>
<td>Write a caret (^) at the point where the insertion was made. If you have time, write down the word that was inserted.</td>
</tr>
<tr>
<td>Words read incorrectly</td>
<td>Write an “X” above the word.</td>
</tr>
<tr>
<td>Substitutions</td>
<td>Write the substitution above the word.</td>
</tr>
<tr>
<td>Self-corrected errors</td>
<td>Replace original error mark with an “SC.”</td>
</tr>
<tr>
<td>Teacher-supplied words</td>
<td>Write a “T” above the word (counts as an error).</td>
</tr>
</tbody>
</table>

- When the student finishes reading the chapter, write the exact Finish Time in minutes and seconds on your record sheet. Alternatively, if
you are using a stopwatch, simply write down the Elapsed Time in minutes and seconds. If the student does not read to the end, draw a vertical line on the record sheet to indicate how far he/she read before you stopped him/her. Also write down either the Finish Time or the Elapsed Time. After the student finishes reading orally, you may direct him/her to finish reading the remainder of the selection silently; you may also assess comprehension by having the student complete the comprehension questions orally.

**Oral Comprehension Questions on “The Taos Pueblo”**

1. *Literal* What is a pueblo? (Native American village)
2. *Literal* How long have people been living in the Taos Pueblo? (about 1,000 years)
3. *Literal* Who was Popé? (a Native American leader who urged other pueblos to revolt against converting to Christianity)
4. *Literal* What is it like to live in an old pueblo like this one? (old-fashioned: houses only have two rooms, there is no electricity, there are no pipes or running water, many had very little furniture)

- Repeat this process for additional students. Scoring can be done later, provided you have kept running records and jotted down either the Elapsed Time or the Start Time and the Finish Time.

**Guidelines for Calculating W.C.P.M. Scores**

If the reading was fairly accurate (< 10 uncorrected errors), you can get a rough (and easy) estimate of a student’s W.C.P.M. score simply by noting the time and looking at the chart on Worksheet 8.6.

To calculate a student’s exact W.C.P.M. score, use the information you wrote down on the record sheet and follow the steps described below. The steps are also shown in graphic form on Worksheet 8.6. You will probably find it helpful to have a calculator available.

1. First, complete the Words section of Worksheet 8.6.
2. Count Words Read. This is the total number of words that the student read or attempted to read, up to the point where he or she stopped. It includes words that the student read correctly as well as words that the student read incorrectly or skipped over. If the student attempted to read the whole selection,
use 424 words total. If the student did not finish the selection, you will need to count the number of words that the student actually attempted to read. Write the count for Words Read in the matching box on Worksheet 8.6.

3. Count the Uncorrected Mistakes noted in your running record. This includes words read incorrectly, omissions, substitutions, and words that you had to supply. Write the total in the box labeled Uncorrected Mistakes on Worksheet 8.6. (A mistake that is corrected by the student is not counted as a mistake; the student is penalized for the time he or she lost making the correction, but not for the initial mistake.)

4. Subtract Uncorrected Mistakes from Words Read to get Words Correct.

5. Next, complete the Time section of the worksheet.

6. Calculate Elapsed Time in minutes and seconds. (If you used a stopwatch, this should already be done for you. Skip to the next step.) If you used a watch and recorded start and stop times, you will need to subtract the Start Time from the Finish Time to calculate the Elapsed Time. Subtract seconds from seconds and then minutes from minutes. Calculate Time in Seconds. Multiply the number of minutes by 60 to convert minutes to seconds, and then add the number of seconds.

7. Next, complete the W.C.P.M. section of the worksheet.

8. Divide Words Correct by Time in Seconds. Then multiply by 60 to get Words Correct Per Minute (W.C.P.M.).

As you evaluate W.C.P.M. scores, here are some factors to consider.

It is normal for students to show a wide range in fluency and in W.C.P.M. scores. However, a major goal for Grade 3 students is to read with sufficient fluency to ensure comprehension and independent reading of school assignments in subsequent grades. Exact fluency targets vary from state to state; the national mean calculated by Hasbrouck and Tindal in 2006 for Spring of Grade 3 is 107 W.C.P.M.

A student’s W.C.P.M. score can be compared with the score of other students in the classroom (or grade level) and also with the national fluency norms for Spring of Grade 3 obtained by Hasbrouck and Tindal. Students whose scores are below the 25th percentile (78 W.C.P.M) are experiencing serious problems in reading fluently.
The Taos Pueblo

A pueblo is a Native American village. The Taos Pueblo is located in New Mexico. The houses in the Taos Pueblo are made of stone and mud. The mud is called adobe.

The houses in the pueblo are built side-by-side. In some cases, they are built one on top of another. From a distance, the pueblo looks like it is all one building. But that is not the case. In fact, it is made up of many houses. The houses share walls, but they are separate.

There are many pueblos in the Southwest. The Taos Pueblo is one of the oldest. It was built about 1,000 years old. People have been living in it ever since. It is the oldest continuously inhabited town in the United States.

There were Native Americans living in the Taos Pueblo when Christopher Columbus set sail in 1492. Some of those people were still alive in 1540, when Coronado explored the Southwest. One of Coronado’s captains visited Taos.

Eventually, the Spanish took over the Southwest. Many Native Americans converted to Christianity. But some resisted. In 1680 a Native American leader named Popé planned a revolt. Popé used the Taos Pueblo as his base. From Taos, he sent messages to other pueblos. He urged the native people to fight against the Spanish. He set a date. He wanted all of the native people to rise at the same time.

The Pueblo Revolt was a success, at least at first. The Native Americans drove the Spanish out. For ten years, they ruled themselves. In the end, however, the Spanish took over once again.

The Taos Pueblo remained part of the Spanish Empire for many years. Eventually, New Mexico became part of the United States. Today, the Taos Pueblo is part of a Native American reservation.

About 100 people live in the pueblo today. Some of them are descendants of the men who greeted Coronado’s men; others are descendants of men who fought with Popé.
What is it like to live in the Taos Pueblo? It is old-fashioned sort of life in some ways. Most of the houses have only two rooms. One room is for sleeping. The other is for cooking and eating. The houses in the pueblo do not have electricity. They don’t have pipes and running water, either.

In the old days, the Pueblo people had very little furniture. Nowadays, most Pueblo houses have tables, chairs, and beds. So what do you think? Would you like to live in the Taos Pueblo?
Lesson 9

✔ Objectives

The following language arts objectives are addressed in this lesson. Objectives aligning with the Common Core State Standards are noted with the corresponding standard in parentheses. Refer to the Alignment Chart for additional standards addressed in all lessons in this unit.

✔ Decode words with common Latin suffixes –able and –ible (RF.3.3b)
✔ Use pronouns and explain their function in sentences (L.3.1a)
✔ Form and use possessive pronouns (L.3.2d)
✔ Determine the meaning of words formed when –able or –ible is added to a known root word (L.3.4b)
✔ Identify real-life connections between words and their use (e.g., people who are believable, valuable) (L.3.5b)

Small Group: Remediation and Enrichment

- While working with students in small groups, please remember to choose activities that fit students’ needs at the time.

❖ **Small Group 1**: Work with these students on any weak areas that were exhibited on the assessment. You may wish to use the *Assessment and Remediation Guide* with these students.

❖ **Small Group 2**: Ask these students to read additional chapters in *Native American Stories* or chapters in *More Classic Tales*. Alternately, you may ask students to complete any appropriate activities listed in the Pausing Point.

Grammar

**Introduce *its* and *it’s***

- Write the words *its* and *it’s* on the board and ask students to read them.
- Ask, “Is there a difference in the way these words are pronounced?” (No, they’re homophones.)
- Ask, “What are homophones?” (words that sound the same but have different meanings)
- Point to *its* on the board and tell students that the word *its* is a possessive pronoun.
- Ask what a possessive pronoun is. (Possessive pronouns are pronouns that show ownership and are used before nouns.)
- Point to *it’s* on the board and ask, “What do you think the word *it’s* means?” (It is a contraction that means “it is” or “it has.”)
- Tell students that the best way to determine if *its* or *it’s* is needed in a sentence is to replace the word with “it is” or “it has.” If the sentence makes sense, the contraction *it’s* is needed. If the sentence doesn’t make sense, the possessive pronoun *its* is needed.
• Read the following sentence and have students vote for whether the word needed in the blank is *its* or *it’s*. Students should hold up one hand for *its* and two hands for *it’s*.

  The dog wagged ______ tail. (*its*, one hand)

• Have students justify why the answer is *its* and not *it’s*. (*Its* is a possessive pronoun and in this sentence, the dog owns the tail. Further, inserting the words “it is” or “it has” in the blank doesn’t make sense.)

• Read the remaining sentences and follow the same procedure, pausing when necessary to ensure understanding:

  I’m tired. ______ been a long day. (*It’s*, two hands)  
  The dog lost some of ______ fur. (*its*, one hand)  
  Check to see if ______ gone. (*it’s*, two hands)  
  I read your story. ______ very good. (*It’s*, two hands)  
  I know the name of the store but can’t think of ______ location. (*its*, one hand)  
  The microwave has ______ own timer. (*its*, one hand)  
  Look at this mask! ______ made of solid silver. (*It’s*, two hands)  
  I see the cat but can’t remember ______ name. (*its*, one hand)  
  ______ important to always do your best. (*It’s*, two hands)

**Morphology**

**Practice Suffixes –able and –ible**

• Remind students that in a previous lesson, they learned about the suffixes –able and –ible.

• Remind students that both these suffixes mean “able to be.”

• Tell students that you will give them two word choices. The words will either be a root word or the root word with the suffix –able or –ible added. Then, you will read a sentence and students must decide which of the word choices fits in the sentence.
Bend or bendable? Anna was able to _____ the pipe cleaner to add to her art project rather than keep it in a straight line. (bend)

Value or valuable? My grandmother trusted me to take good care of her _____ necklace when I wore it to my cousin’s wedding. (valuable)

Enjoy or enjoyable? We attended an _____ concert put on by the music department at a local college. (enjoyable)

Chew or chewable? Dad told my younger brother to _____ more slowly so he could swallow his food more easily. (chew)

Force or forcible? After the storm debris was cleaned up, there was evidence of _____ removal of trees that were dying but had not yet fallen down. (forcible)

Access or accessible? She bought an extension cord so she could _____ an outlet that was hidden behind furniture. (access)

- Have students complete Worksheet 9.1 independently.

Spelling

Word Sort

- Tell students they will sort words with the sounds of /æ/ + /l/ spelled ‘al’, ‘el’, and ‘le’, and /ʃ/ + /æ/ + /n/ spelled ‘tion’.

- Have students turn to Worksheet 9.2.

- Ask students to identify the vowel patterns. (‘al’ > /æ/ + /l/, ‘le’ > /æ/ + /l/, ‘el’ > /æ/ + /l/, ‘tion’ > /ʃ/ + /æ/ + /n/)

- Have students independently read the words in the box below the headers and circle the vowels that have the /æ/ + /l/ sounds and the /ʃ/ + /æ/ + /n/) sounds.

- Then, have students independently write the words that match the various spellings below the appropriate headers.

Note: You may wish to circulate around the room offering assistance where needed.

Make sure to erase the spelling table from the board and/or turn the table over so that students cannot refer to it during the assessment.

**Spelling**

**25 minutes**

**10 Spelling Assessment**

- Have students turn to Worksheet 10.1 for the spelling assessment.
- If you would like for students to have pens, this is the time to pass them out.
- Tell students that for this assessment, they will write the words under the header to which they belong. For example, if you call out the word *unravel*, they would write that word under the header ‘el’ > /ə/ + /l/.
- Tell students that should a spelling word fit under more than one header, they should only write the word under one.
- Tell students that they may not have to use all the lines under each header.
- Using the chart below, call out the words using the following format: say the word, use it in a sentence, and say the word once more.
1. addition  
2. scuttle  
3. celebration  
4. wobble  
5. nation  
6. vowel  
7. funnel

16. rustle  
17. subtraction  
18. trial  
19. **Challenge Word**: important  
20. **Challenge Word**: children  

**Content Word**: ceremonial

- After you have called out all of the words including the Challenge Words and the Content Word, go back through the list slowly, reading each word just once more.

- Ask students to write the following sentences as you dictate them:

  1. Dad sprinkled water on the section of our garden that was dry.
  2. The solution to the problem took a fraction of a second to figure out.

- After students have finished, collect pens, if used.

- Follow your established procedures to correct the spelling words and the dictated sentences.

**Note to Teacher**

At a later time today, you may find it helpful to use the template provided at the end of this lesson to analyze students’ mistakes. This will help you understand any patterns that are beginning to develop, or that are persistent among individual students.
Small Group: Remediation and Enrichment

- While working with students in small groups, please remember to choose activities that fit students’ needs at the time.

- **Small Group 1**: Work with these students on any weak areas that were exhibited on the assessment. You may wish to use the Assessment and Remediation Guide with these students.

- **Small Group 2**: Ask these students to read additional chapters in Native American Stories or a chapter or two in More Classic Tales. Alternately, you may ask students to complete any appropriate activities listed in the Pausing Point.

Grammar

15 minutes

**Review**

- Have students turn to Worksheet 10.2 and complete it independently. You may wish to use this as an informal assessment.
Practice Dictionary Skills

- Remind students that in a previous lesson, they learned about many different parts of a dictionary.
- Tell students that an entry word often has its pronunciation listed after it.
- Tell students that some words can be spelled the same but have different pronunciations and meanings. These words are called homophones.
- Have students turn to Worksheet 10.3 and read the portion of the dictionary page together.
- Remind students that homophones are words that are spelled the same but have different pronunciations and meanings.
- Have students look carefully at the pronunciations, parts of speech, and definitions of the word bow on Worksheet 10.3, noting that the word can be pronounced two ways.
- Have students complete Worksheet 10.3 as a teacher-guided activity.

Spelling Analysis Directions

Unit 8, Lesson 10

- Students are likely to make the following errors:
  - For ‘al’, students may write ‘el’ or ‘le’
  - For ‘el’, students may write ‘al’ or ‘le’
  - For ‘le’, students may write ‘al’ or ‘el’
  - For ‘tion’, students may write ‘shun’, ‘shin’, or ‘sion’

- While any of the above student-error scenarios may occur, you should still be aware that misspellings may be due to many other factors. You may find it helpful to record the actual spelling errors that the student makes in the analysis chart. For example:
  - Is the student consistently making errors on specific letters? Which ones?
  - Is the student consistently making errors at the end of the words?
  - Is the student consistently making errors on particular beginning consonants?
  - Did the student write words for each feature correctly?
  - Also, examine the dictated sentences for errors in capitalization and punctuation.
Note to Teacher

We recommend that you select specific Pausing Point activities for individuals and/or groups of students on the basis of their performance on the Assessment in Lesson 8.

Simply find the number of correct answers the student produced along the top of the chart and the number of total questions on the worksheet or activity along the left side. Then find the cell where the column and the row converge. This indicates the Tens score. By using the Tens Conversion Chart, you can easily convert any raw score, from 0 to 20, into a Tens score.

Please note that the Tens Conversion Chart was created to be used with assessments that have a defined number of items (such as written assessments). However, teachers are encouraged to use the Tens system to record informal observations as well. Observational Tens scores are based on your observations during class. It is suggested that you use the following basic rubric for recording observational Tens scores.
