Tell It Again! Flip Book Introduction

This Tell It Again! Flip Book contains images that accompany the Tell It Again! Read-Aloud Anthology for Astronomy: Our Solar System and Beyond. The images are in sequential order. Each image is identified by its lesson number, read-aloud letter (A or B), and the number of the image within the particular read-aloud. For example, the first image in Read-Aloud 1A is numbered 1A-1. Once you have worked your way through the book to the last page, you will flip the entire book over to view the second half of the images.

Depending on your classroom configuration, you may need to have students sit closer to the flip book in order to see the images clearly.

ACKNOWLEDGMENTS

These materials are the result of the work, advice, and encouragement of numerous individuals over many years. Some of those singled out here have already known the depth of our gratitude; others may be surprised to find themselves thanked publicly for helping give quality and geniality for the sake of the enterprise alone. To helpers named and unnamed we are deeply grateful.
